

## Policing Services

Police are an Emergency Service yet also an Investigative Body, or Unit, of Justice Departments whereby Government, State and Federal, is across Investigations, Informations and Outcomes and Work with Duty of Care and due diligence from most stringent Public Office of Employment. Police are an Emergency Service yet also an Investigative Body, or Unit, of Justice Departments whereby Government, State and Federal, is across Investigations, Informations and Outcomes who Work with Duty of Care and due diligence from most stringent Public Office of Employment. Police are an Emergency Service yet also an Investigative Body, or Unit, of Justice Departments, however, Government, State and Federal, is across Investigations yet is reluctant to provide Informations of Outcomes to non-Government, or Third Party, Organisations for Counselling. Police are an Emergency Service yet also an Investigative Body, or Unit, of Justice Departments; however, Government, State and Federal, is across Investigations yet is reluctant to provide Informations of Outcomes to non-Government, or Third Party, Organisations for Counselling. Police are an Emergency Service yet also an Investigative Body, or Unit, of Justice Departments, however, Government, State and Federal, is across Investigations yet is reluctant to provide Informations of Outcomes to non-Government, or Third Party, Organizations for Counselling. Police are an Emergency Service yet also an Investigative Body, or Unit, of Justice Departments; however, Government, State and Federal, is across Investigations yet is reluctant to provide Informations of Outcomes to non-Government, or Third Party, Organizations for Counselling. Nursing tradition is Nurses typically wear a Fob Watch but the Propriety once Associated with Nursing, Archaically, though still Modern, has become an Association to Sporting Watches! The Government should Educate its People of Law instead of Suing Institutions then using Police.
