A Jewish leader is Solomon. Do not look or stare at me because I am dark, the sun has made me dark and darkened my skin. The race is not to the swift or the battle to the strong but time and chance happen to them all. Song of Solomon 1:6 and Ecclesiastes 9:11, King James Version. Justice is more than crime statistics and victim payments. Human ingenuity can fathom space but most people still can not get along. James Watson perhaps believes the sun is poison but the Song of Solomon 1:6 states the sun colors skin. Good and/or Evil is inherent. Romans 12:21. Watson's view is unsubstantiated and reckless because it all boils down to what we do not and can not know and education and opportunity. He is unsubstantiated because full DNA knowledge is impossible. He is reckless in disacknowledging previous Nobel Prize dualism brain physics. Watson's view is unsubstantiated and reckless because it is impossible. While sun exposure tans and colours, white people in less sun exposed places are not treated for vitamin deficiency, deep nature of DNA and the Brain is unmicroscopable and Amen is education said with shaft! Doctors Teach Sunlight Vitamin D is Less Absorbed by Darker Skin People than Paler Skin People and yet Countries of People Who Receive Less Sunlight are not Treated for Vitamin D Deficiency. Nobel Prize Neuroscience Book How the Self Controls Its Brain finishes with Black Matter.
